Chief's Report

January 2012 Commissioners Meeting

Summary of Calls

The Department ran a total of 36 calls for the month of December, 2011. *NFIRS reports are attached.*

Gear & Equipment

A new Super-Vac PPV fan was ordered. Waiting on delivery.

Trucks

Campbell Supply is looking to replace the radiator cap as they think that is what is causing the antifreeze odor. If that doesn't solve the issue, they will replace the coolant hoses.

Campbell has also quoted \$1,161.15 for a modification of the ladder rack on 12-74 to accommodate new positioning for the pike poles so they would stick out less and be less susceptible to getting caught on tree branches. That cost also includes a new 10' folding ladder and 8' pike pole. Quote is attached.

Training

The next combined drill between 12-1, 26-1, & 26-2 will be held in January 19th at 32-1.

GCFC extended an invitation for members interested to participate in an Ice Water Rescue class.

Good Morning Chief,

Here is the quote to replace the damaged/missing ladder and pike pole along with making the modifications to move those items inboard so they are more protected and it does not happen again. Please review the quote and call me if you have any questions. We'll need the truck for a day up at the shop, maybe keep it over night to do the repair.

I also got more info about the hose replacement that I spoke with Spartan on. The hose they are referring to is the heater hose going to the heater box above the windshield. I don't think that is the problem, rather an issue with the radiator cap and overflow hose that is open to atmosphere. I have the new cap and will stop by in the next day or so to install. I'll let you know when I'll be by and we can monitor it from there. If we continue to get the smell I'll get with Spartan again.

Any questions please give me a call.

Thanks,

John Thompson
